

## 2nd Annual Global Tax Optimisation for shipping 2016

Date: 17 - 19 May 2016  
Grand Copthorne Waterfront Hotel,  
Singapore

As Tax regimes continue to change in an attempt to remain competitive and also have stringent regulations, the impact on corporate strategy is profound.

In this expert briefing, delegates will gain insights on recent updates, strategies and solutions for strategic as well as day-to-day tax challenges. In addition to BEPS, tax treaties, common structures for shipping and other practical issues, key proposed IFRS/IAS revisions under evaluation will be examined and explained on how they could affect your current business.

## OFFSHORE VESSEL CONNECT - BRAZIL

Date: 18-19 May 2016  
Windsor Atlantica, Copacabana,  
Rio de Janeiro, Brazil

Offshore Vessel Connect is a new event experience. Existing conferences will be merged and run simultaneously in regional hubs. Conference sessions will run separately but the exhibition and networking features will be shared. Co-location means that people from the overlapping worlds of offshore support vessels, offshore construction, subsea intervention, offshore accommodation and access, heavy lift, pipelay and offshore drilling, will all be present at the same place at the same time.
